<https://www.traumato.site//first-world-shoulder-elbow-societies-meeting-...>

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Presentación

Asociación Argentina de Hombro y Codo

For the first time, the most important national shoulder and elbow surgery societies in the world come together in a common project, the organization of an online update course with the participation of leaders from the 5 continents. This project promoted by the Argentine Association of Shoulder and Elbow Surgery in its thirtieth anniversary would have been impossible without the generous collaboration of sister societies from all over the planet.

The course includes the most varied topics addressed by top-level experts. This event will be a milestone in the history of our subspecialty and surely the generator of many more joint activities in the future. The program gather:

- 125 conferences and round tables (84 in English and 41 in Spanish)
- 140 world leaders
- 36 countries
- 5 continents

Participating Societies

American Shoulder and Elbow Surgeons - Argentinean Shoulder and Elbow Society - Australian Shoulder and Elbow Association - Bolivian Society of Shoulder and Elbow Surgery - Brazilian Shoulder and Elbow Society - Canadian Shoulder and Elbow Society - Colombian Shoulder and Elbow Society - Dominican Republic Shoulder and Elbow Committee - Dutch Shoulder and Elbow Society - Shoulder and Elbow Equator Chapter - Egyptian Shoulder Surgery Association - French Shoulder and Elbow Society - German Shoulder and Elbow Society - Hellenic Association of Orthopaedic Surgery and Traumatology - Shoulder and Elbow Society of India - Indonesian Shoulder and Elbow Society - Irish Shoulder and Elbow Society - Israeli Shoulder and Elbow Society - Italian Society of Shoulder and Elbow Surgery - Japan Shoulder Society - Korean Shoulder and Elbow Society - Mexican Society of Shoulder and Elbow Surgeons - Norwegian Orthopaedic Surgeons - Panamanian Association of Shoulder and Elbow Surgeons - Paraguayan Association of Shoulder and Elbow Surgery - Peruvian Society of Shoulder and Elbow - Portuguese Shoulder and Elbow Society - South African Shoulder and Elbow Association - Spanish Society of Shoulder and Elbow Surgery - Turkish Shoulder & Elbow Society - Uruguay Shoulder and Elbow Chapter - Venezuelan Shoulder and Elbow Committee - Ibero-Latin American Federation of Shock Waves and Tissue Engineering - Shoulder Planet - SICOT Latam-SICOT Shoulder and Elbow Committee - SLAHOC Rehabilitation Committee.

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Presentación

Por primera vez, las sociedades nacionales de cirugía de hombro y codo más importantes del mundo se unen en un proyecto común, la organización de un curso de actualización online con la participación de líderes de los 5 continentes. Este proyecto impulsado por la Asociación Argentina de Cirugía de Hombro y Codo en su trigésimo aniversario hubiera sido imposible sin la generosa colaboración de sociedades hermanas de todo el planeta.

El curso incluye los más variados temas abordados por expertos de primer nivel. Este evento será un hito en la historia de nuestra subespecialidad y seguramente el generador de muchas más actividades conjuntas en el futuro. El programa reúne:

- 125 conferencias y mesas redondas (84 en inglés y 41 en español)
- 140 líderes mundiales
- 36 países
- 5 continentes.

Al finalizar se otorga un certificado de participación.

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Docentes

INTERNATIONAL LECTURERS

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Programa académico (240 Horas cátedra)

Módulo 1

Lectures in English: Rotator Cuff

1) Shoulder pain: Dutch Shoulder and Elbow Society.

Subacromial Pain Syndrome: Bart-Jan Veen, MD (Netherlands)

Discussion panel:

- Just van der Linde, MD (Netherlands)
- Federico Alfano, MD (Argentina)
- Daniel Moya, MD (Argentina)

2) Decision making based in evidence in rotator cuff tears treatment: Norwegian Society for Shoulder and Elbow Surgery.

- Prognostic factors after rotator cuff repair- Kjersti K. Jensen, MD. (Norway)
- Treatment of small-to- medium sized rotator cuff tears: tendón repair or physiotherapy- Stefan Moosmayer, MD. (Norway)
- The accurate trial: Treatment of acute rotator cuff tears. A randomization between suture and sham Surgery. Berte Boe, MD. (Norway)

3) Update on treatment of reparable and irreparable rotator cuff tears: American Shoulder and Elbow Surgeons. Samer S. Hasan, MD, PhD. (USA)

4) Posterosuperior Cuff Tears: Hellenic Orthopaedic Association.

- Past and future of the Hellenic Association of Orthopaedic Surgery and Traumatology (HAOST) Thanos Badekas (Greece) President of HAOST

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Programa académico (240 Horas cátedra)

- Single vs. Double row. Christos Sinopidis (Greece)
- SCR. Concept, indications Emmanouil Brilakis (Greece)
- Tendon transfers. Why, when and what kind? Emmanouil Fandridis (Greece)
- Reverse Arthroplasty in Massive Rotator Cuff Tears without arthritis. John Feroussis (Greece)

5) Modified arthroscopic mini-open rotator cuff repair: Egyptian Shoulder Surgery Association.

Yasser Safoury, MD. (Egypt)

6) When and how I do arthroscopic transosseous repair of failed large and massive rotator cuff tears: Egyptian Shoulder Surgery Association.

Basim Fleega, MD. (Egypt)

7) Subscapularis tendon and anterosuperior tears, recent updates: Korean Shoulder and Elbow Society.

JC Yoo MD. (Republic of Korea)

8) Superior Capsule Reconstruction: Japan Shoulder Society.

- History of Japan Shoulder Society. Hiroyuki Sugaya (Japan)
- Superior Capsule Reconstruction: Basic concept and technique. Akihiko Hasegawa, MD (Japan)
- Superior Capsule Reconstruction: Clinical outcome and future trend. Teruhisa Mihata, MD (Japan)

9) Tendon transfers in shoulder Surgery: Italian Society of Shoulder and Elbow Surgery. (SiCSeG).

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Programa académico (240 Horas cátedra)

- Lower trapezius transfer- Mario Borroni (Italy)
- Teres Major transfer- Andrea Celli (Italy)
- Latissimus Dorsi Transfer-Roberto Castricini (Italy)
- EBM of tendon transfer-Roberto Padua. (Italy)

10) The Israeli experience with the Inspace balloon: Israeli Shoulder and Elbow Society.

Ofir Chechik, MD (Israel)

11) Advance arthroscopic techniques in failed rotator cuff repair. Egyptian Shoulder Surgery Association.

Hany Elsayed, MD. (Egypt)

Lectures in English: Fractures

1) Update on proximal humerus fractures: Turkish Shoulder & Elbow Society.

Moderators: Nuri Aydin (Türkiye) Daniel Moya (Argentina)

- Vintage but never out of fashion: conservative treatment -Aksel Seyahi (Türkiye)
- Internal fixation: Are locking plates angel or evil?-Mehmet Demirhan (Türkiye)
- Reverse arthroplasty for acute fracture: Tips and tricks for better outcome -Kerem Bilsel (Türkiye)
- Fracture sequeale treatment: Is the salvage possible?- Ata Can Atalar (Türkiye)

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Programa académico (240 Horas cátedra)

2) Current Trends of Endoprosthetics for Proximal Humerus Fractures: German Shoulder and Elbow Society.

Brunner U. (Germany)

3) Comminuted fracture dislocation in a young patient - case discusión. Israeli Shoulder and Elbow Society.

Noam Reshef MD (Israel)

4) Clavicle fractures: Irish Shoulder and Elbow Society.

Coordinator: Ruth Delaney MD. (Ireland)

Management of mid shaft fractures in 2022-indications and operative techniques. J.

Tristan Cassidy MD. (Ireland)

Medial clavicle fractures. David Morrissey MD. (Ireland)

Distal clavicle fractures. Robert Piggott MD. (Ireland)

Complications of clavicle fractures and their Treatment. Hannan Mullett MD. (Ireland)

5) Distal clavicle fracture. Israeli Shoulder and Elbow Society.

Philip Rosinsky, MD (Israel)

Lectures in English: Instability

1) Glenohumeral instability: Indonesian Shoulder and Elbow Society.

- Introduction: Dr. Troydimas Panjaitan- (Indonesia).

- Principle in shoulder instability treatment: Dr. Arisna Artha-(Indonesia).

- Arthroscopic Stabilization Surgery: Dr. Jefri Sukmawan-(Indonesia).

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Programa académico (240 Horas cátedra)

- Multidirectional shoulder instability: Dr. Renaldi Prasetya-(Indonesia).
- Case Discussion: Dr. Imán Aminata-(Indonesia).
- Final remarks: Dr. Hermawan Nagar Rasyid-(Indonesia).

2) What is new and exciting in shoulder instability at ASES? :American Shoulder and Elbow Surgeons.

Xavier Duralde, MD. (USA)

3) Rugby injuries: South African Shoulder and Elbow Association.

- Bone loss in the anterior shoulder instability in rugby players.

Dr Leon Rajah(S. Africa)

- Instability in the adolescent rugby player -Dr Mike Mulder (S. Africa)
- The failed Latarjet procedure -Prof Steve Roche (S. Africa)
- Key concepts in return to sport assessment after anterior shoulder instability surgery Dr Susan van Deventer (S. Africa)

4) Advanced techniques in glenohumeral instability: SICOT Shoulder & Elbow Committee.

- Introduction In-Ho Jeong (Korea)
- Utilizing the Halifax- Portal. Arthroscopic anterior glenoid reconstruction with augmented reality-Ivan Wong (Canada)
- **Arthroscopic subscapularis augmentation. Indications. Tips and Tricks-Christos Koukos (Germany)**
- Dynamic Anterior stabilization. Indications. Tips and Tricks- Aashay

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Programa académico (240 Horas cátedra)

- Remplissage- Guido Fierro (Colombia)

5) Soft tissue repair in anterior instability: Shoulder and Elbow Society of India (SESI).

Vivek Pandey, MD (India)

6) Glenoid bone loss: Shoulder and Elbow Society of India (SESI).

Ashish Babhulkar MD (India)

7) Bony Bankart-Integration and challenges: Shoulder and Elbow Society of India (SESI).

Ram Chidambaram MD (India)

8) How can you do remplissage procedure easily? Korean Shoulder and Elbow Society.

Jin-Young Park MD (Republic of Korea)

Lectures in English: Arthroplasties

1) Indications of RSA: French Shoulder and Elbow Society.

1/ Creation and history of the French Shoulder and Elbow Society:

Pierre Mansat (France)

2/ Indications of RSA:

- Is "platform system" still the good way? Philippe Valenti (France)

- B2 and C glénoid: is RSA still the option? Jean David Werthel (France)

- Infection and aTSA: why rTSA could be an option? Jean Kany (France)

- Why going to rTSA stemless? Ten trips to success. Pierre Métais (France)

- Discussion/ Clinical cases: Geoffroy Nourissat (France)

2) Shoulder arthroplasty in North America: current trends: American Shoulder and

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Programa académico (240 Horas cátedra)

Elbow Surgeons.

Joaquín Sánchez Sotelo, MD PhD (USA)

3) A Concept of Individualized Implant Positioning in Shoulder Osteoarthritis: German Shoulder and Elbow Society.

Schulz C.U. (Germany)

4) Advanced techniques in reverse arthroplasties: SICOT Shoulder & Elbow Committee.

Chair: John Sperling (USA), In-Ho Jeon (Korea)

- Bone preservation in reverse shoulder arthroplasty-John Sperling (USA)

- The reverse is not all about the deltoid - conjoint-tendon in reverse shoulder arthroplasty -Stephen Roche (South Africa)

- Metall-augments or Bio in reverse shoulder arthroplasty- Kilian Rueckl (Germany)

- 3D CT based kinematic planning for reverse shoulder arthroplasty -Rony

Del Hazra (Germany/USA)

5) Stemless Shoulder replacement in Europe- Where do we go? German Shoulder and Elbow Society.

Scheibel M. (Germany)

6) Limits of anatomical stemless shoulder arthroplasty: German Shoulder and Elbow Society.

Boehm D. (Germany)

7) Stemless Shoulder Arthroplasty: Korean Shoulder and Elbow Society.

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Programa académico (240 Horas cátedra)

8) Long term results with metaphyseal stemless reverse TSA. Israeli Shoulder and Elbow Society.

Ira Bachar, MD (Israel)

9) The glenoid was the weak link of ATSA: German-Austrian-Swiss Shoulder and Elbow Society.

Gohlke F. MD (Germany)

10) Reverse Shoulder Arthroplasty, complications & revision surgery: Canadian Shoulder and Elbow Society.

- Current Concepts in Revision RSA: Managing the Glenoid – Ryan Bicknell (Canada)

- Infection in revision shoulder arthroplasty: Incidence, diagnosis, and outcomes – Peter Lapner (Canada)

-

11) Reverse Shoulder Arthroplasty complications & revision surgery 2: Canadian Shoulder and Elbow Society.

- Humeral bone loss management- Dr. George Athwal (Canada)

12) Shoulder arthroplasty registry: Australian Shoulder and Elbow Society.

- Australian National Shoulder Joint Replacement Registry-Richard Page MD (Australia)

- Revision procedures-Fraser Taylor MD (Australia)

Lectures in English: Elbow

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Programa académico (240 Horas cátedra)

1.- Elbow Surgery in North America: State of the art 2022: American Shoulder and Elbow Surgeons.

Shawn O'Driscoll MD, PhD. (USA)

Lectures in English: Miscellaneous

1. Long Head of the Biceps: Versatility of a local graft: Portuguese Shoulder and Elbow Society.

- Introduction-Rui Claro (Portugal)
- Superior Capsular Reconstruction with LHBT- Bernardo Nunes (Portugal)
- Anterior Cable Reconstruction with LHBT- Carlos Maia Días (Portugal)
- Dynamic Anterior Stabilization with LHBT- Ana Catarina Angelo (Portugal)
-

1. Neurological injuries: Finnish Shoulder and Elbow Society.

Webinar Opening: Dr. Daniel Moya-(Argentina)

- Parsonage-Turner syndrome - a common cause of pain and weakness in the shoulder and arm: Dr. Björn Falck (Sweden)
- Serratus palsy: Etiology, natural course, and results after brace treatment. Dr. Martti Vastamäki (Finland).

1. Arthroscopic suprascapular nerve decompression for atypical scapular dyskinesis: Korean Shoulder and Elbow Society.

Yong G. Rhee, MD (Republic of Korea)

1. DVSE History: German-Austrian-Swiss Shoulder and Elbow Society.

Brunner U, MD (Germany)

1. Presentation of The American Shoulder and Elbow Surgeons.

Jonathan Ticker, MD. (USA)

1. Presentation of the Israeli Shoulder and Elbow Society.

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Programa académico (240 Horas cátedra)

Ofer Levy, MD (Israel)

Conferencias en Español: Manguito Rotador

1) Fracción Estromal Vascular y su implicación en tratamiento de lesiones de manguito rotador: Sociedad Ecuatoriana de Hombro y Codo.

Dr. Roberto Aguirre (Ecuador)

2) Tendinopatías del manguito rotador: Sociedad Ecuatoriana de Hombro y Codo.

- Presentación e historia de la sociedad ecuatoriana de hombro y codo. Dr Byron Torres (Ecuador)

- Orto biológicos y técnicas combinadas para tendones en hombro. Dr. Paul Teran (Ecuador)

3) Mitos de la reparación abierta de los desgarros del manguito rotador: Sociedad Mexicana de Cirujanos de Hombro y Codo.

Mesa redonda:

- Dr. Fernando Valero- (México)

- Dr. Fernando Hiramuro- (México)

- Dr. Ernesto Fabela- (México)

- Dr. Giovanni Scutia- (México)

4) Medialización del "footprint": Shoulder Planet.

- Coordinador: Dr. Sergio Rowinski. (Brasil)

Panel:

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Programa académico (240 Horas cátedra)

- Dr. Matheus Barcelos (Brasil)
- Dr. Rodrigo Vick (Brasil)
- 5) Técnicas de aumentación en rupturas de manguito rotador: Sociedad de Hombro y Codo de Puerto Rico.
 - Porción larga del Bíceps- Dr. José Rodríguez (Puerto Rico)
 - Regenetten- Dr. Eric Hernández (Puerto Rico)
 - Parches- Dr. Alberto Rivera (Puerto Rico)
 - Balón subacromial- Dr. Carlos Pérez (Puerto Rico)
 -
- 6) Rotura Masiva Irreparable ¿Qué opciones tengo? Sociedad Española de Cirugía de Hombro y Codo.
Dr. Raúl Barco (España)
PRIMER ENCUENTRO GLOBAL DE SOCIEDADES DE CIRUGÍA DE HOMBRO Y CODO
MANGUITO ROTADOR
2
- 7) Rupturas irreparables del manguito rotador: Mesa de debate. Sociedad Española de Cirugía de Hombro y Codo.
Mesa redonda:
 - España: Dr. Miguel Ángel Flores, Dr. Miguel Bruguera, Dr. Carlos Torrens
 - Argentina: Dr. Federico Alfano, Dr. Daniel Moya.
- 8) Lesiones irreparables del manguito rotador: Comité Venezolano de Hombro y Codo.

First Global Meeting of National Societies of Shoulder and Elbow Surgery

Programa académico (240 Horas cátedra)

- Experiencia con la reconstrucción capsular superior-Juan Valles (Venezuela)
- 9) Transferencias del Pectoral Mayor-30 años de experiencias: SICOT Latam.
- Dr. Christian Lozano (Perú)
- Dr. Daniel Moya (Argentina)

Certificados

CERTIFICADO FINAL DE ASISTENCIA

- Otorga: Asociación Argentina de Hombro y Codo
- Tipo de certificado: Digital
- Este certificado especifica que un alumno ha asistido a una capacitación en particular. Se incluyen los siguientes datos: nombres y apellidos del alumno, nombre de la capacitación, cantidad de horas cátedra y nombre de la organización que certifica.

Avaless Científicos

Formas de Pago

Usted podrá pagar la capacitación: First Global Meeting of National Societies of Shoulder and Elbow Surgery con:

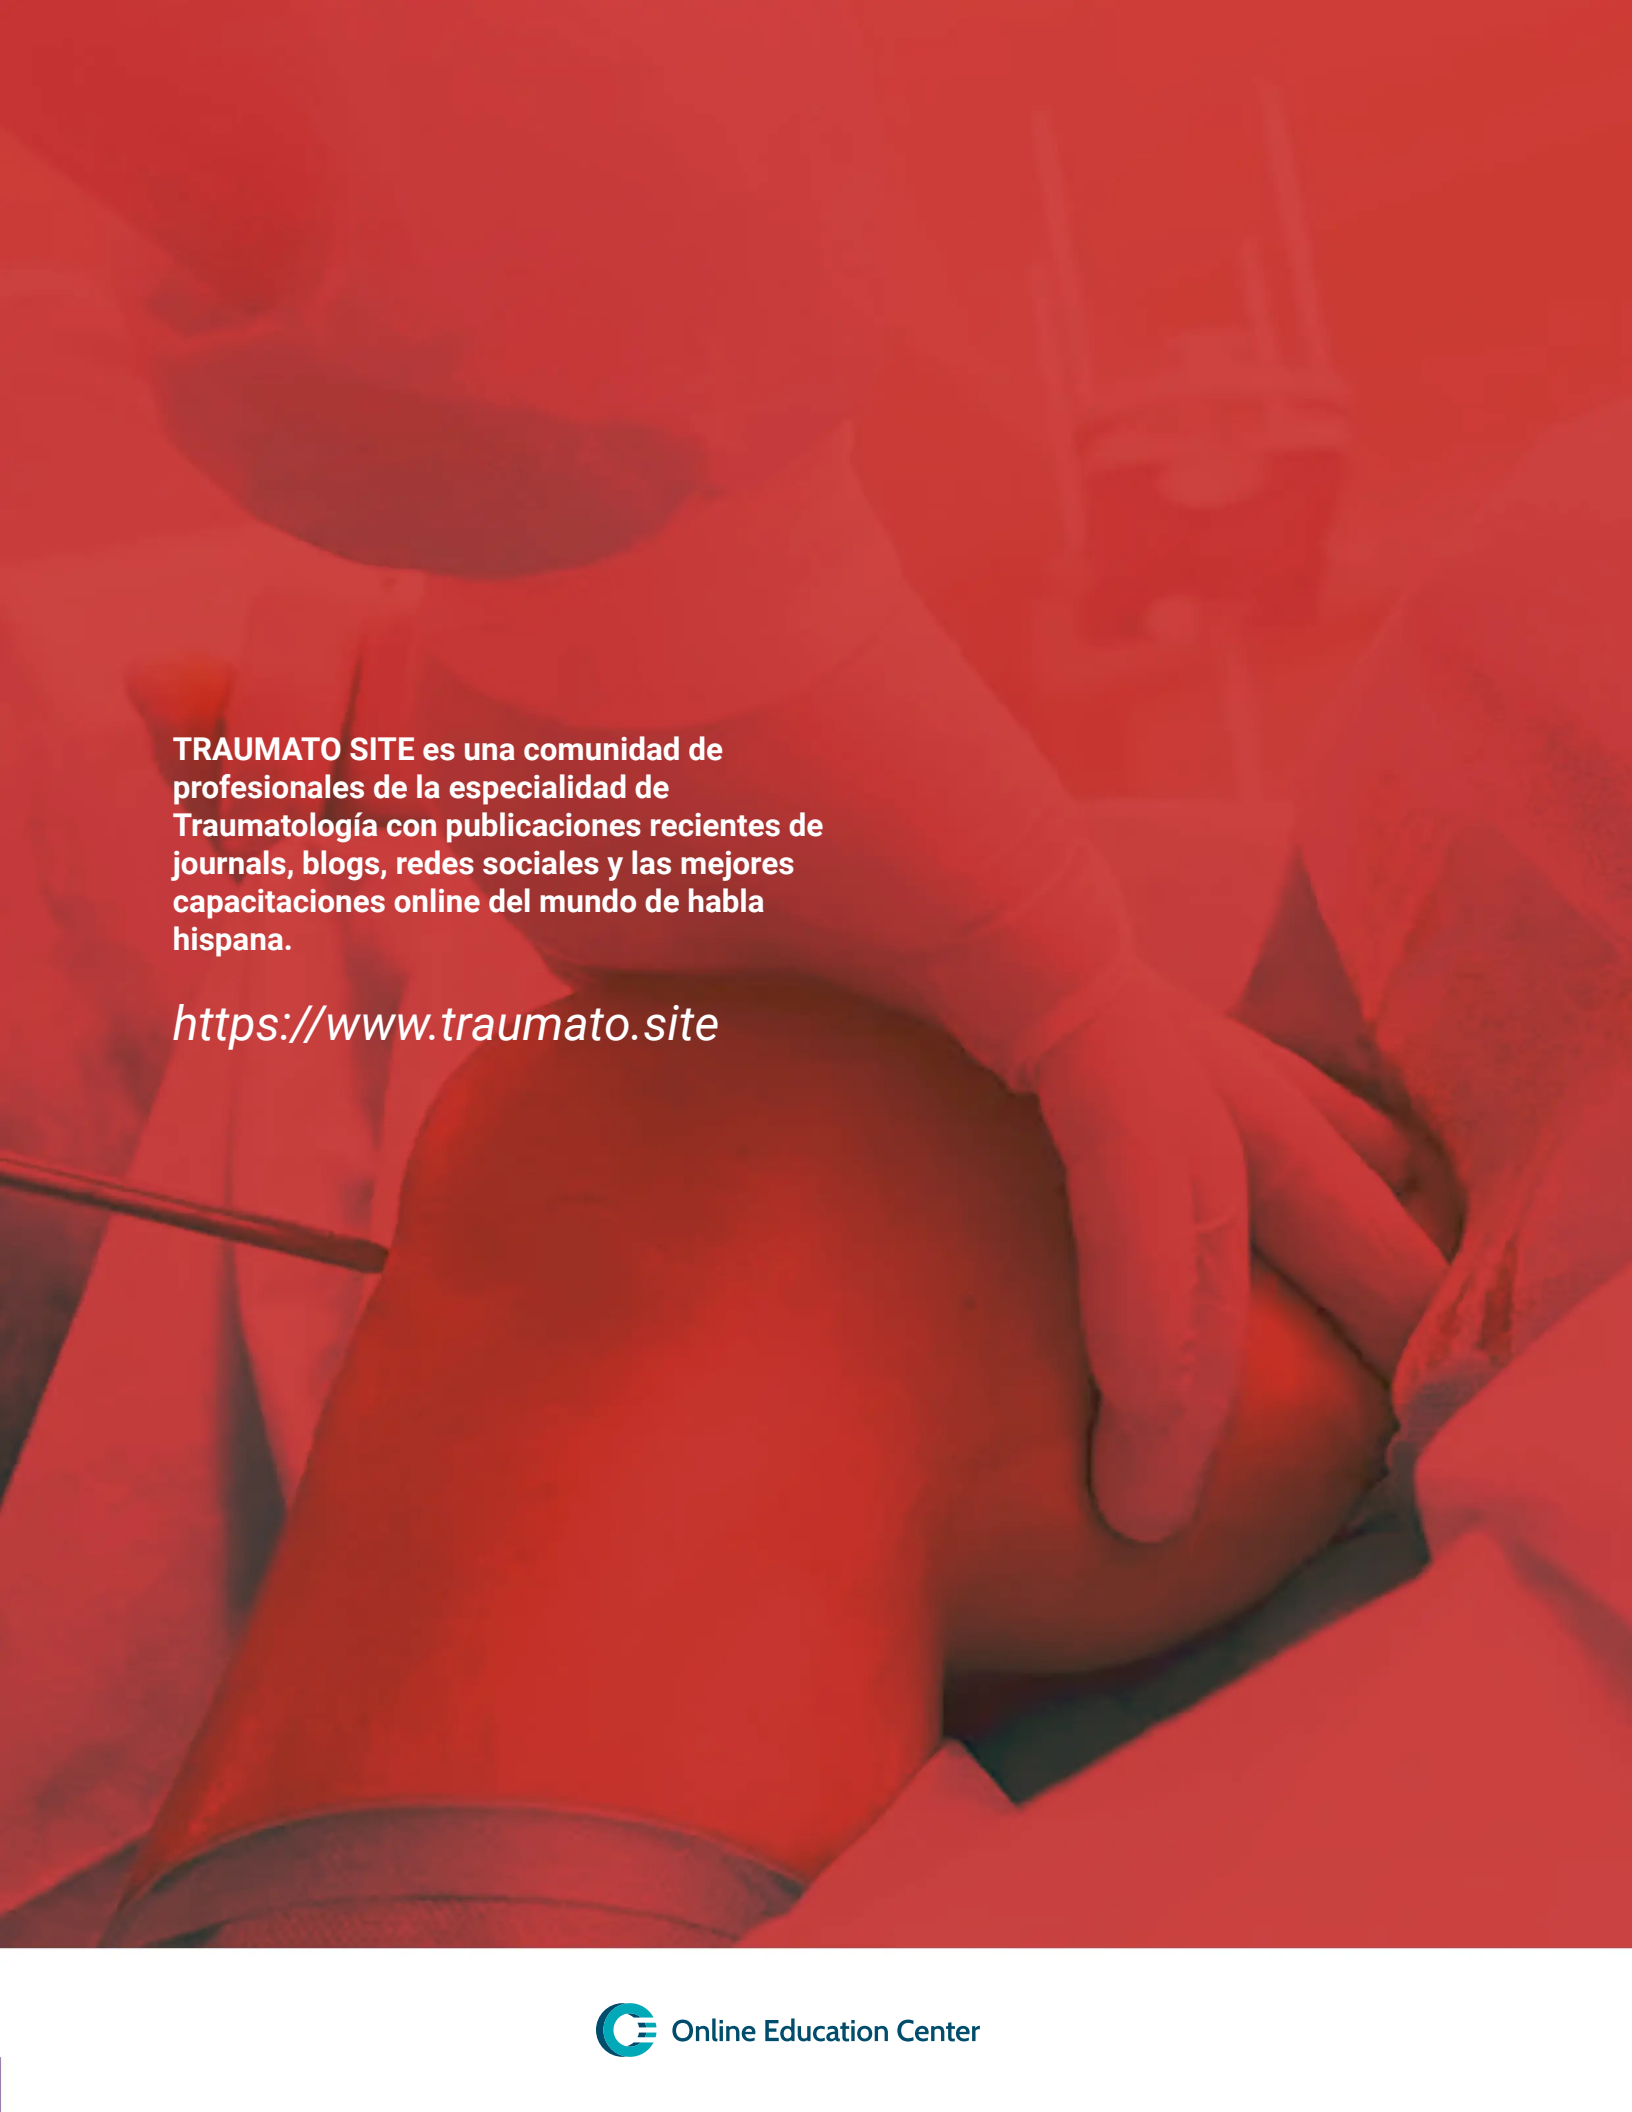

- **Tarjeta de Crédito o Débito**
- **Paypal**
- **Depósito o Transferencia Bancaria** (si está disponible)
- **Etc.** (Según su país de origen) (Se especifican en la ficha de la capacitación)

Atención: al terminar el proceso de inscripción, si eligió una forma de pago que NO es online, el sistema le mostrará los datos para hacer efectivo el pago y también se los enviará por Email.

En todos los países:

TRAUMATO SITE es una comunidad de profesionales de la especialidad de Traumatología con publicaciones recientes de journals, blogs, redes sociales y las mejores capacitaciones online del mundo de habla hispana.
